MAGAZINE

On Wednesday, November 14th, JEZ Magazine will be hosting the 1st Spotlight Fundraiser Event at Waterside Restaurant in North Bergen, NJ. This special event will bring support to Save the Children's Hurricane Maria Relief Fund and their ongoing efforts to bring hope and relief to the children of Puerto Rico after the devastation caused by Hurricane Maria. The event marks just one year since Maria hit the island. There is still devastation on the island, lack of fundamental needs, clean water, power, food, medical attention, and counseling. The situation in Puerto Rico, still US territory, is unacceptable by what we feel are American standards. Save the Children is currently on the ground in Puerto Rico responding to the needs of children and working closely with FEMA, Red Cross, and local partners to assess the specific needs of children and families amid reports of massive damages.

Myself as well as the rest of the JEZ Magazine team, hope you will join us in supporting Save the Children by making an early reservation for the event. Our aim is to create an authentic platform that will service our community in many ways, one that inspires people to be their very best; both inside and out. The Spotlight Fundraiser event will be an amazing and memorable evening filled with cocktails, musical performances, an auction, and fashion..... all while taking in the breathtaking skyline views of NYC. With an array of high-profile celebrity guests expected to be in attendance, press coverage will shine an important light on the companies involved, as well as, the tremendous cause we support. Please be a part of this special night and join our efforts.
